

# LCCN February 2017 News

## Director's Update

Welcome to our very first monthly newsletter in more than 10 years.

Each month we plan to highlight one of our partner churches, provide information about the number of people who came to us for assistance and the amount we assisted with; inform you of upcoming events or fundraisers; share with you tidbits of useful information on budgeting; client success stories; and volunteer opportunities. The content will vary from month to month.

It is our goal to better communicate with our partner churches as well as the community as a whole; we believe this newsletter is the first step. If there is anything you would like to see in the newsletter email me or give me a call.

In Service,

Melina

## Tips to help you manage:

- Turning the thermostat down by 5-10 degrees at night saves you 5-10% on your heating bill
- Take showers instead of baths; turn off water while brushing teeth; fix leaks; lower temperature on water heater to 120 degrees
- Grocery bill savings: take a list; buy produce in season; brown-bag it; go generic; buy in bulk
